User Details

These settings allow the user to customise the way they are seen in the system, personalising their profile for other users to view.

Option	Description
Profile Image	Upload an image file to use as your profile. This will be displayed on your timeline and next to any posts or comments you make. The image will be displayed as 250px by 250px, and during the upload process you will be able to define a section of the image to use.
First Name	Here you can update your First Name displayed through the system.
Last Name	Here you can update your Last Name displayed through the system.
Email	Update your email address used for broadcasts and email notifications.

Password

This section allows the user to update their password.

Note: this option is only available to users with the appropriate role permissions, defined by an Administrator. If this option is not displayed, the user will have to contact an Admin to change their password.

Option	Description
Current Password	Enter your current password, used to log in to the system.
New Password	Enter the new password you wish to use to log in to the system.
Repeat New Password	Enter your new password a second time to confirm there were no typing errors.

Your Profile

Option	Description
Job Title	Define your Job Title, for display on your user timeline. <i>This field is optional.</i>
Description	Add a description of yourself, displayed on your user timeline. <i>This field is optional.</i>

Interests

Option	Description
Interests	Select tags applied to content in the system that are relevant to you. Content will be suggested to you based on these selections. <i>This field is optional.</i>

Welcome - Get Started

Once the user has completed their details, they are taken to a **Getting Started** page which directs them to either a [Tour Storyboard](#) (specified by their role permissions) or their dashboard.

Welcome Diane Push

Let's get started...

New to Yellowfin?
Take a tour using **Storyboard**.

Welcome to Yellowfin

This Storyboard is designed as a quick intro to Yellowfin for first-time users.

Take a tour now

No Thanks. Take me to my [Dashboard](#).
You can always find the tour in your list of favorites to access it later.
