Manage Client Organisations

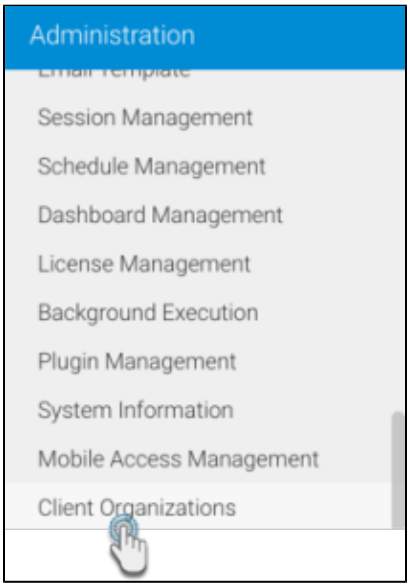

- Overview
- Client Organisations
- Create New Client

Overview

top
Allows you to add, edit, and delete client organisations without the use of web services. This panel is only displayed when you have Client Organization Functionality enabled in the Configuration panel.

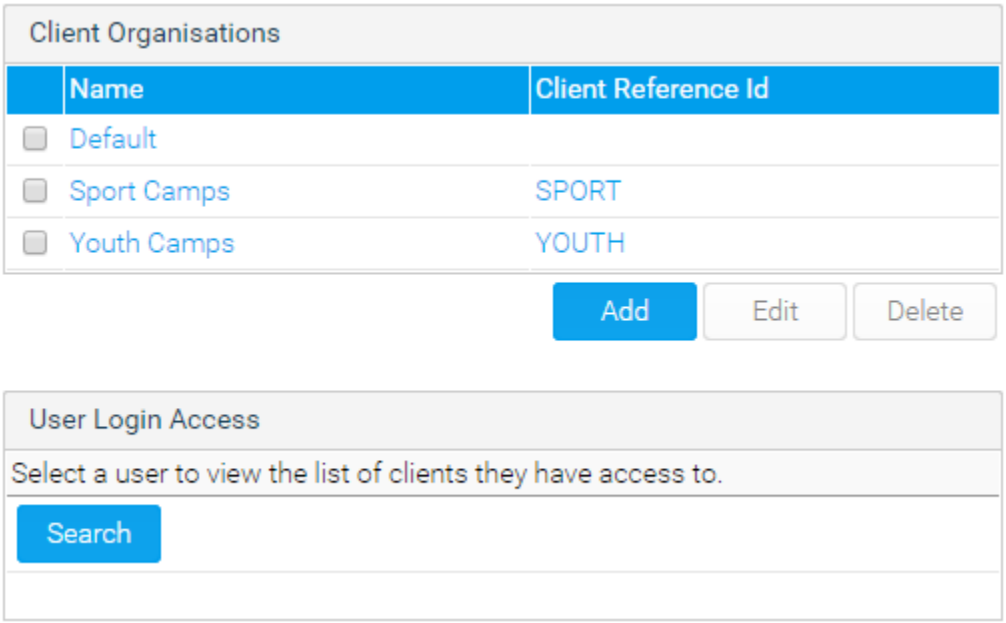

Access Client Organisation Management through the Admin list in the Admin Console.

> *See Client Organisations for more information.*

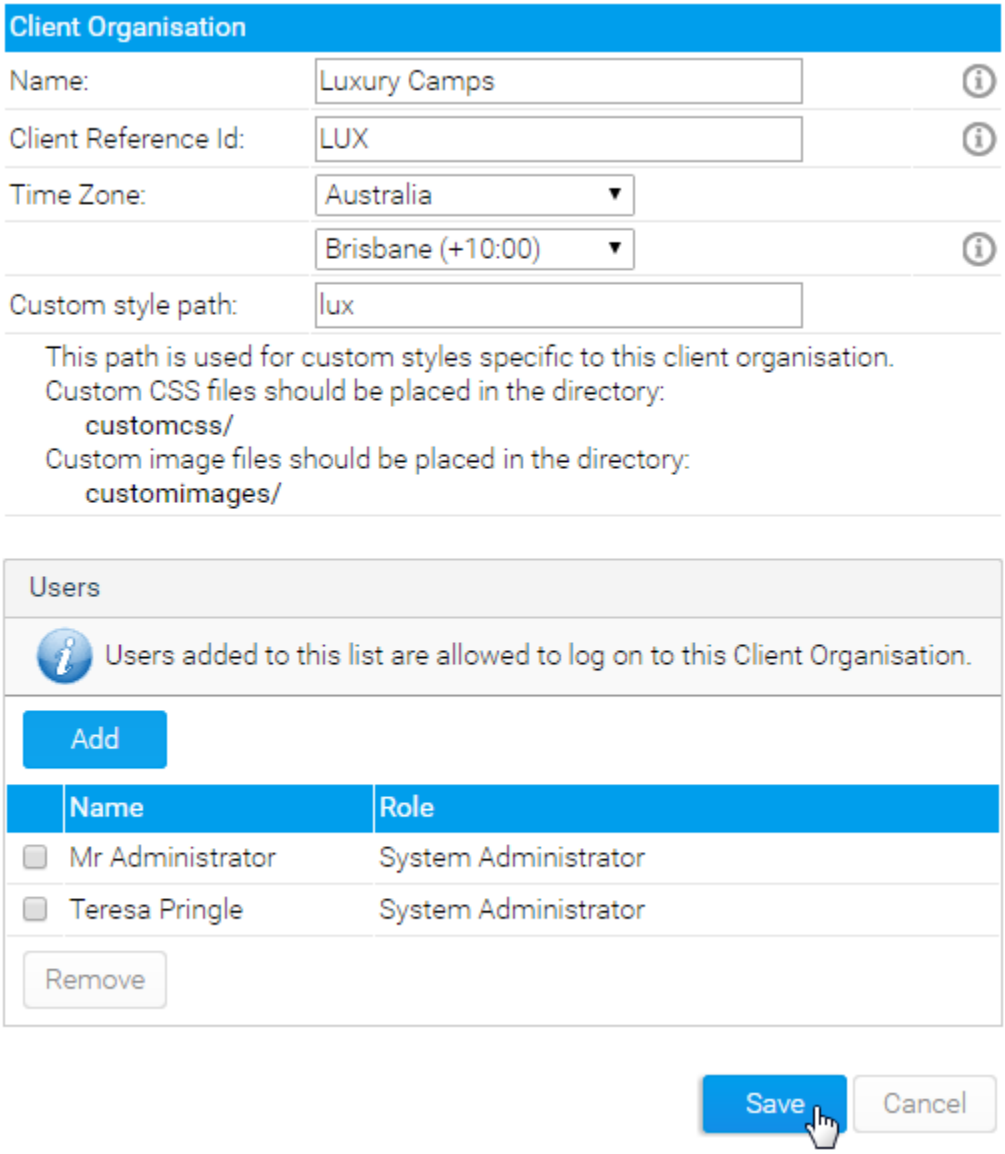

Client Organisations

top
Using Yellowfin you can create Client Organisations. These are used to manage multiple clients within the one instance of Yellowfin.

Create New Client

top
Create new Client Organisations and assign users to them.
