

Manage Client Organisations

- [Overview](#)
- [Client Organisations](#)
- [Create New Client](#)

Overview

[top](#)

Allows you to add, edit, and delete client organisations without the use of web services. This panel is only displayed when you have Client Organization Functionality enabled in the Configuration panel.

Client Organizations

Client Organization Functionality

Yellowfin will allow the creation of multiple virtual instances within the system.

Global Annotations

Annotations created in the Primary Org cannot be accessed through any Client Orgs.

Access Client Organisation Management through the Admin list in the Admin Console.
