Line Charts

Overview

top

Type	Icon	When to Use
Line		You want to view trends over time by plotting data at points connected by lines. Use a line chart to plot many metrics.
3D Line		Similar to the line chart, but in three-dimensional form.
Z Chart		Trends over a short period of time; displaying the data, accumulative total, and moving total.
Stepped Line		A line chart where movement is shown in steps rather than straight lines.

Chart Data Options

| Option	Description
Horizontal Axis	This is the category label for the X axis
Vertical Axis	Typically a numeric value such as $. An item that you want to measure on your Chart
Colour	This option is only available if you have a cross tab data set available and is used to determine the colour applied for cross tab series data.

Line Chart Tutorial

Summary

In order to set up a Line Chart you will need:

1. Create a report with chart display
    a. Select a field to use as the **Horizontal Axis**
    b. Select a field to use as the **Vertical Axis**
    c. Select a field to use as the **Colour** (if you have decided to create a cross tab report)
2. Create your chart, selecting **Line** as the type
3. Provide the **Horizontal Axis**, **Vertical Axis**, and **Colour** options
4. Customise the Chart as required
5. Proceed to the **Output** step
6. **Save** your report

Tutorial

1. Click the **Create** link in the main navigation bar of the system, and select the **Report** option.
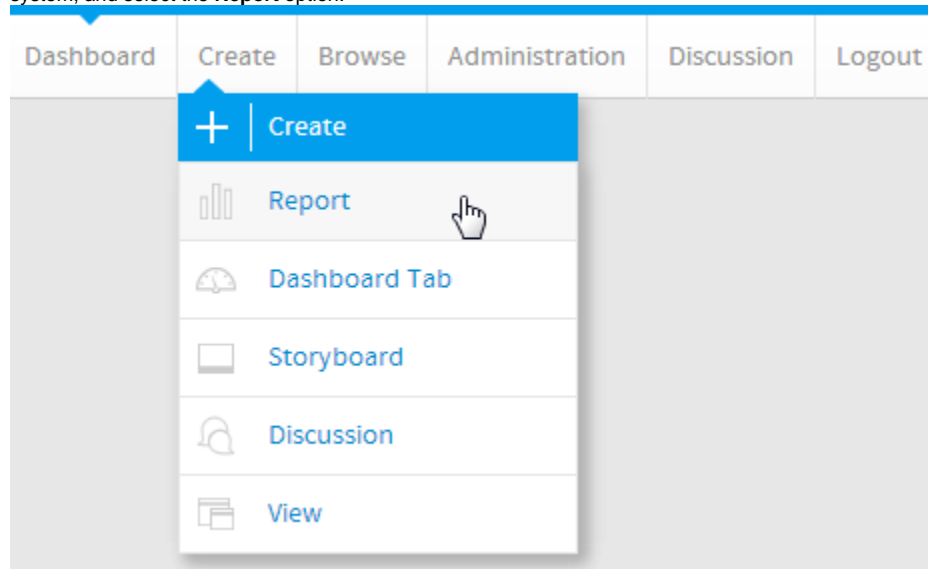

2. You will now be on the Report Initialisation page. Ensure the **Drag and Drop Builder** has been selected to use for report creation.

3. Click on the **Ski Team** view in order to use the fields defined within it for creating the report.

4. Add **Year and Invoiced Amount** to **Columns**.

Columns		Year	Σ Sum Invoiced Amount
Rows			

Year ▼	Sum Invoiced Amount ▼
2009	$17,633,473
2010	$8,611,470
2011	$11,012,244
2012	$81,690,100
2013	$158,353,519
2014	$152,912,577
2015	$28,207,858
2016	$12,522,605

5. Proceed to the **Charts** step of the builder.

Report	Data	Charts	Output

6. Select the **Line** chart from the **Line** section of the charts panel on the right of the screen.
